

Pastoral Changes at the Canterbury United Community Church

As many of you know, Pastor Bill Donoghue fell and was injured this winter, and while he expects to fully recover in time, he is not able to continue his work as minister of the Canterbury United Community Church. We pray for his recovery, look forward to Bill and his wife Karen joining us in the future for a celebration of his time with us, and wish him happiness and fulfillment in his well-deserved retirement.

In his years in Canterbury, Bill joined many in town in celebrating the joys of life while helping others with their challenges and grief. His gifts as a pastor are special; he engaged children with stuffed animals pulled from a sack and adults with sermons that made the people and predicaments in Bible stories as real and present as we were.

It will be difficult to find a pastor who can achieve as much as Bill did. But we're going to work hard toward that end.

The process begins with the selection of an interim minister, followed by the search for a settled pastor. The interim minister will help us through that search while also meeting the church's day-to-day pastoral needs. The Church Council will select the interim minister, while the search for a settled pastor will involve the entire congregation. The search process typically takes one to two years, during which the congregation will examine the church's needs and the key qualities in a pastor to match them.

One thing we'll be looking for is a pastor with the ability to be involved in and a resource for the greater Canterbury community. We see this as a central role of the church, and hope the community shares that view. We'll keep you posted!

A LIGHT FOR ZIMBABWE

I came home from Zimbabwe the end of April. It was mostly a good trip. The hunger situation is better because rain finally produced a good harvest. The economy still struggles as most are without jobs.

The good news is that we sponsor 30 primary school students and 27 secondary school students. Other than the few expected disappointments, most are doing well and some are quite bright. Our goal is to care for the needs of the whole child, not only academic, but personal, behavioral, social and health.

We have five in college. Two will graduate this year and we added two more who are the most deserving. As graduates, we have teachers, a lawyer and a banker.

Much to celebrate and we give thanks to all who have supported us.

~ Sue Heppenstall

President, A Light for Zimbabwe.

How many bird species can be found in Canterbury?

You might be surprised. Two teams of birders spent May 20 traipsing across town to observe as many as they could for NH Audubon's annual Birdathon fund raiser.

The Canterbury Bird Tails led by Ruth Smith and the Wandering Vireos led by Molly Sperduto both logged 89 species.

If you are interested in learning more or seeing the list, contact Ruth at ruthnaturally@myfairpoint.net.

HISTORICAL SOCIETY

You can Order your Canterbury Town History!

At press time, our 20th century history of Canterbury was at the printers and we expect to receive shipment of 600 bound copies about June 15th. The history is titled,

“Staying Small in a Century of Growth Canterbury New Hampshire 1900-2000”.

Written by Kathryn Grover, the publication of this history caps a four-year long effort by the Historical Society to document the town's 20th century history involving over 200 people. The new history is a 7"x 10", hardcover, clothbound Smyth sewn volume of 660 pages, with 200 photographs. It is stamped in gold foil on the cover and spine and includes a dust jacket and printed end leaves. The book will be available for purchase at the Elkins Library, Canterbury Country Store and Shaker Village. To obtain an order form you can go to our website www.canterburyhistory.org or email us at canterbury.nh.historical.society@gmail.com. The price is \$40.00 and shipping will be available for an additional \$7.00.

Come Visit our Railroad Exhibit

Come visit the Elkins Memorial Building (former library in the center) *Sundays in June from 12 to 4 P.M.* and see this newly opened exhibit which tells the story of railroads in Canterbury over the past 150 years or so. The exhibit is called, **“A Trip Through Time on the Canterbury Railroad”** and features a wide variety of railroad related equipment, tools, photos and displays for children of all ages. The show is the product of extensive research by local historian, *Mark Stevens* and members of the Historical Society. Anyone who has had the pleasure of hearing a presentation by Mark knows his work will be informative and peppered with stories of local people. This show is another example of his unique perspective on local history. You will have fun and learn much about Canterbury's history relating to railroads and the people who worked and rode on them. The exhibit is free and open to all! Bring your whole family....friends, too! Stop in....you will be glad you did!

One Room Schoolhouse to Host Visit

On June 14, we'll host visitors from the Country Schools Association of America annual conference, being held in New London. A bus tour of about 55 people will be visiting 10 one room schools in the area. The group was extremely helpful to us when we started our program 10 years ago. We are excited to show them our schoolhouse and relate our experience in conducting our unique (and award winning) classroom experience which strives to duplicate schoolhouse education as practiced in the 18th and 19th century.

AROUND TOWN

CANTERBURY POLICE DEPARTMENT

As the days get warmer and warmer and summer is fast approaching, please use extra caution out on the roadways. With more and more people out and about walking, riding bicycles or horses, please remember to be respectful as you approach them on the roadway. Also remember to keep your dog(s) under your control when outside. We want Fido to enjoy the warm weather also.

Along with the warmer weather, we'd like to remind everyone of the Town of Canterbury West Road Beach Access Regulations (#16). There is parking available during the normal operating hours at the end of West Road. However, vehicles parked after operating hours will be towed at the owner's expense, with possible fines for violation of the West Road Beach Regulations. Hours of Operation are: 7:00 am to 8:00 pm every day from May 30th to October 15th.

Also, please don't hesitate to contact the Police Department if you notice anything suspicious, whether you're out enjoying the beach or out and about walking/riding the roadway. If you have a **Police Emergency Dial 911**. If you would like to speak with an officer on duty, please call our 24-hour dispatch at 603-228-1010. Sincerely,

Chief Michael Labrecque

"To wear the badge is a choice, to serve the public is an honor"!

TRANSFER STATION

A friendly reminder that Canterbury is a Pay-As-You-Throw Town, so when you arrive at the recycling center, check with attendant to see if there is a charge for any items you are bringing in.

Please remove caps and covers from the plastic bottles and throw them in the regular trash. It would save time at the counter. At the present time, I am working on sending out the plastic and aluminum can bales to generate revenue.

As you drive inside the building to do your recycling, BE AWARE OF PEDESTRIANS walking about doing their recycling.

The sand and gravel piles are NOT for the general public. This material is for town use, for fixing and maintaining the roadways.

If you choose to have a conversation with your fellow neighbor, we ask that it takes place outside of the building so that vehicles can move smoothly through the building.

From all of us here at the recycling Center, THANK YOU.

TOWN ADMINISTRATOR NEWS

We would like to welcome the addition of Andres Romero as a permanent part-time employee at the Transfer Station. Andres previously worked at the transfer station in Sanbornton.

The Randall Road Bridge replacement has been completed. The work was done by Mike Bean Construction LLC. A "Dry" hydrant was also installed to improve water access for the Fire Department.

The Town Office renovation project is moving forward. We are presently negotiating with a contractor and hope to move forward soon.

Recent employee training-Jan Stout completed a day long "The Indispensable Assistant" (and she is) training seminar; the Highway Department employees attended a refresher program on "Traffic Control" and I attended a day long "Excelling as a Manager" training session.

Starting in Mid-June, the Assessor will be visiting properties on the Southern end of Town.

The Assessor is there to measure the exterior of all buildings on the property and if the homeowner or occupant is home will ask to walk through the interior of the house. If nobody is home the assessor will measure the outside of the buildings and leave a note stating that they were at the property and that the homeowner will be contacted later to request an interior inspection. The assessor will have an ID badge and sign on their car. The assessor will only enter a property if there is a person 18 years of age or older to show them through the property. Entrance to the property is not mandatory but it will help insure that your next assessment will be accurate. If you have any questions or concerns, please contact Mandy at the Town Office at 783-9955.

The Fourth of July Fireworks show will be held on Tuesday July 4th at dusk. The show will be presented by JP Pyrotechnics from Allenstown.

Paddling Morrill and Spender Ponds

The walk from Morrill Pond to Spender Pond/Meadow is one of my favorites in Canterbury, a lovely hour. But ever since Anne and I visited Spender for the first time in the spring of 2016 I've wanted to get out on it in a canoe. It looked like it would be really fun to poke around the many channels through the marsh. And it's just such a wild feeling place. We have wheels for our canoe which we've never used, and the road in to Morrill and the one up to Spender are both short and easy; should be ideal for using them.

I checked it out with my friend Joe and we took the canoe and wheels over April 24. We knew they'd only be navigable in high Spring water. What we didn't know was how critical that would be. They are both very shallow. Spender has many stumps and downed trees often below the surface of the water where they're very hard to see. We got better at avoiding them after fetching up on several. We found they were mostly avoidable by paying close attention to the stumps we could see. The channel to the right from the dam is easiest. Especially in Morrill Pond it's very shallow and requires close attention not to run aground.

We saw many herons, most on Spender, as well as lots of small turtles basking on the logs. There was one abandoned herons nest. The herons seemed to be going and coming from the East. Morrill Pond was loaded with ducks when we came back.

The wheels worked well, though we had to drag the canoe through a couple short sections of grassy, marshy shoreline to get around the ends of 2 beaver dams and reach the end of the road going up to Spender. About a half day's activity, with an hour going and coming back on Morrill and only a half hour on Spender when we found out about the stumps.

A good little adventure but certainly not habit forming

Canterbury Excursion – Shaker Village Carding Mill site Friday, June 9, 6:00-7:30 p.m.

Canterbury Shaker Village is more than a place with historic buildings and exhibits, the landscape also helps tell the story of Shaker life and industry. Join local historian Mark Stevens on a 2 mile (round trip) excursion to the site of the old Shaker Carding Mill Factory. Learn how the fiber industry was important to the Shakers, and "the worlds' people" during a time when there were more sheep than people in New England.

The site includes pieces of the mill foundation made of massive granite blocks, remnants of the once impressive stone dam that powered the mill and the Carding Mill Pond. The trail was formerly a horse and wagon road used by the Shakers. Hear about some of the intriguing history that goes with this place.

The trail is not too strenuous but closed-toed, sturdy shoes are recommended. Park in the Visitor parking lot and meet in the barn yard by the horse barn. Thanks to the generosity of Canterbury Shaker Village no entrance fee will be charged for this excursion. To learn more about Canterbury Shaker Village visit: www.shakers.org
