

From the Pastor

Greetings Fellow Canterburians,

I write to you in the wake of our congregation's focus on Earth Day this past week, and on a glorious morning in Canterbury where it is truly evident that Spring has finally sprung here in New Hampshire! I also write to you in the wake of yet another morning of disheartening world and national news headlines that present themselves as our daily dose of bitter pills to swallow. As we seriously consider the daunting challenges present in our world, it is certainly understandable to lose a sense of hope, and to feel that our faith-filled actions are no more than just a drop in the bucket. Of course, there are a myriad of fronts on which to focus and take action, and on this spring day my heart continues to focus on our responsible care for the Earth God has entrusted to our care. This morning I find God seems to be shouting to us a song of hope somehow still evident in the very creation itself, a song encouraging us not to lose heart.

Jennifer Halteman Schrock, leader of the Mennonite Creation Care Network, puts it like this, "Hope is imbedded in creation. It is evident in every sprouting seed, in every green leaf straining toward the sun; in the dependable rhythm of the seasons; even in the wood decomposing on a healthy forest floor." Yes, indeed, hope is evident in the natural processes of creation itself that can easily be seen springing forth today, putting that hope into practice as the natural world unfolds around us. Today life is daring to push through, and carry forth, even in the face of the regular uncertainty of what may lie in store each day.

In the face of environmental degradation on our planet it is easy for us to feel cynical and hopeless. But hope isn't just an emotion, it is something we put into practice as nature does. We practice hope when we teach younger generations to care for the earth. We practice hope when we support businesses and non-profits that care for the earth. We practice hope when we recognize and cherish flourishing ecosystems and healthy farming practices...in short, when we take the steps we can together to care for the gift God has given us. Canterbury is a place where Creation's hope is more easily visible and engageable than perhaps in other corners of our world, so I invite you to be encouraged by the tenacious life and hope that can be experienced in our beautiful rolling landscapes. May we follow the faithful example of our natural world--carry forth in hope, encouraged and emboldened to spread that hope here in our community and beyond.

God's Peace,

Pastor Sara

Humanities-To-Go! Tuesday, May 8 at 7pm
Oil, Ice, and Bone: Arctic Whaler Nathaniel Ransom
presented by Helen Frink.

At fourteen Nathaniel Ransom embarked on the first of his four whaling voyages, following his older brothers to the chase after sperm whales, right whales, humpbacks, California gray "ripsacks," and mammoth Arctic bowheads. His journals faithfully record weather, winds, whales, and sails, interspersed with personal insights. He survived the worst whaling disaster in the history of the New England fleet, when captains and crew abandoned thirty-three vessels, trapped and crushed by drifting ice, off the Alaskan coast. His engrossing story opens a window on the life of an ordinary whale man during the heyday of the Arctic bowhead hunt.

The Knitting Group continues meeting Wed. evenings at 6:30 by the fireplace.

The Zen of Adult Coloring: We have so many interesting people attending this adult program. Bring a friend, practice meditation and mindfulness; enjoy some refreshments while coloring relaxing designs with colored pencils and gel pens. Refreshments served. **Every Thursday at 1:30.**

AROUND TOWN

FIRE DEPARTMENT NEWS

With no snow cover on the ground, Fire Permits are required for any type of outside fire. The town has opted for an online permit program. You can obtain a permit on the NH Division of Forest and Lands website. The site can be accessed through this web address <https://nhdfweb.sovsportsnet.net/>

There is a \$3.00-dollar fee for the online process that goes to maintain the web site. Once the process is complete you will be able to print out a copy of the permit. You may be notified by email if weather conditions become unfavorable for outdoor fires. You can always stop by the fire station during the week-day to get a permit if you do not want to obtain one on-line. This new process allows the convenience and time savings of getting a permit at any time of the day.

Types of Permits and Fire Categories:

Category I – A small (no greater than 2' in diameter) cooking or camp fire contained within a ring or a portable fireplace. This type of fire may be kindled with a permit any time of the day.

Category II - A controlled fire (no greater than 4' in diameter) contained within a ring of fire resistant material. This type of fire may only be kindled with a permit between the hours of 5:00 pm and 9:00 am unless it is actively raining

Category III - A fire greater than 4' not contained within a ring (typically a brush pile). This type of fire may only be kindled with a permit between the hours of 5:00 pm and 9:00 am unless it is actively raining. These permits will only be issued when the fire danger is not elevated.

Category I and II permits are valid for a calendar year. Category III permits are valid for a 3- day period.

HAPPY MOTHER'S DAY

I'll love you forever,
I'll like you for always,
As long as I'm living
my baby you'll be.

The boy grew. He grew and he grew and he grew. He grew until he was a teenager. He had strange friends and he wore strange clothes and he listened to strange music. Sometimes the mother felt like she was in a zoo! But at night time, when that teenager was asleep, the mother opened the door to his room, crawled across the floor and looked up over the side of the bed. If he was really asleep she picked up that great big boy and rocked him back and forth, back and forth, back and forth. While she rocked him she sang:

I'll love you forever,
I'll like you for always,
As long as I'm living
my baby you'll be.

Excerpt from "Love you Forever" by Robert Munsch

TOWN ADMINISTRATOR

The renovation of the Sam Lake House is well under way. Mark Hopkins and his crew salvaged windows and doors as well as wainscoting, interior trim and floorboards from the original building. The doors and windows were brought to the Transfer Station for re-use by anyone that wanted them. The wainscoting, interior trim and floorboards will be re-used in the new building. The demolition was completed, and the framers should start the first week of May.

At the Town Meeting this year, residents voted to ... "appoint an energy committee that will research and advise officials, administrators, and citizens of Canterbury on steps necessary to limit greenhouse gas emissions." The Board of Selectmen are accepting volunteers to serve on this committee and will make the appointments at the regular Selectmen's meeting on May 21, 2018. The committee will consist of five (5) members and two (2) alternates. If you are interested in serving on this committee please contact the Town Office by May 11, 2018.

We have finalized the contract with JPI Pyrotechnics for the fireworks. They will be held on the night of the 4th.

The Joint Loss Management committee met in April and reviewed accident reports and updated the action item list. We also discussed employee training with Primex this year.

THE CANTERBURY POLICE DEPARTMENT

would like to thank all those who participated in our annual Red Cross Blood Drive – we surpassed our goal!

As the warm weather is fast approaching please be cautious of those also on the roadways. May is Motorcycle Safety Awareness Month and National Bike Month so there will be more two-wheeled modes of transportation on the roadway. Also, with the warm weather there will be more people out walking/running along the roads as well as horses, so again please be cautious of those along the roads.

May is National Police Memorial Week, May 13th –19th with May 18th being National Peace Officers Memorial Day. A ceremony is held each year in Concord at the Police Memorial for the New Hampshire fallen Officers. As we remember those fallen officers, let us never forget all who gave us their greatest sacrifice for our freedom on Memorial Day.

The Canterbury Police Department would like to welcome our new full-time Officer, Aaron Smith to our agency. Officer Smith grew up in the surrounding areas of Canterbury and looks forward to meeting the Canterbury residents.

Canterbury Police Department responded to 167 Calls for Service, 2 Motor Vehicle Accidents, issued 108 citations (which includes warnings) and investigated 10 incidents and had 7 arrests.

AROUND TOWN

Flaghole Road- Maxfield Monument Trail

In the corner of the world where Canterbury, Loudon, and Concord all come together, there is a network of mostly forgotten Class VI roads for the trekker to explore and some unexpected things along the way to re-discover. Class VI town roads are still public ways, but they are no longer maintained by the town(s).

Take Morrill Road to Flaghole Road and then drive Flaghole Road to the dead-end at the Flaghole Meadow swamp. You have now crossed in and out of Canterbury (and Concord) a couple of times, but are still in Canterbury where you park your car and start hiking. Note that it is Flag-Hole Road and not Flag-Pole Road. A great many NH towns have a "Flag-Hole" Road and if you're curious why that is, or exactly what a "flag-hole" is, track down some old-timer that can tell you the legend.

To begin this hike, you first need to cross over Flaghole Meadow. In the winter you can cross over on the ice, but the rest of the year you'll pick your way over on top of a beaver dam and likely get your feet wet. Don't let this deter you. Once across the meadow, you are now on "Fletcher Road" which is little more than a trail through the woods that retains the old road name. If you go south, it will bring you out on the back side of the Hoit Road Marsh in Concord, but don't go that way.

Instead, head north along the east side of the meadow and up the old Class VI road for about 700 feet where you'll come to an unmarked trail intersection with Flagg Road, which is also a snowmobile trail. The trail to the northeast goes to Flaghole Road in Loudon, or Whitney Hill Road in Canterbury and then on to Clough Pond Road emerging near the Sno-Shaker Clubhouse, but that is another hike for a different day. Today we are taking the southeast trail at this three-way intersection and heading up the hill. This is known as Flagg Road in Canterbury, but becomes William Maxfield Drive when you cross over the town line into Loudon. And while you are still in Canterbury, much of the land in this area is owned by the Town of Loudon. So are you really in Loudon?

About 1000 feet from the intersection on the west side of the road is a terrific old cellar hole complex for what must have been a thriving farm at one time. Pick the right spot in this secluded wooded area of old cellar holes and you have views of Pats Peak off in the distance.

Continuing south on this trail a short distance you'll come to the Maxfield Monument and be startled to see such an important looking monument out in the middle of nowhere. Maxfield was an old farmer who sold apples door to door in the late 1800's and appeared not to have a penny in his pocket. But when he died in 1905, he left enough money to the Town of Loudon, "to be used to establish a public library", and in 1909 the William Maxfield Public Library was opened in Loudon village. Maxfield also left his farm to the Town of Loudon, even though a lot of his acreage was in Canterbury, which is why Loudon owns a portion of Canterbury today.

(continued top of page)

Directly across the road from the Maxfield Monument is another complex of old cellar holes and farm outbuildings worthy of exploration. Continuing down the trail in a southeast direction another 1/2 mile you'll come to the old Abbott Cemetery on the east side of the trail and a short distance later you'll find the old Abbott house cellar hole remnants. The Abbott's looked to have been prosperous at one time and I wonder if they were part of the Abbott-Downing business that built the famous Concord Coach stagecoaches??

Continuing southeast on the trail for 1/3 of a mile and then again 1/4 mile later, you'll come to two snowmobile bridges crossing over inflows into the Hoit Road Marsh in Concord. If you turn off the trail here and follow either watercourse, you'll come into the back side of the Hoit Road Marsh in Concord.

If you stay on the trail and continue southeast, at 1.65 miles from where you parked and started this trek, you'll pop out of the woods on Loudon's Old Shaker Road. Turning around here, it is only a short 1.65 mile walk back to where you parked your car, but you will have to go through Loudon, Canterbury, and Concord to get home....

Canterbury Community Farmers Market MAY is MEMBER MONTH

Oddly enough the same old bills (like insurance and advertising), come around each year, and every season we again pay the musicians and continue to buy produce and edibles from our vendors to fill "Mary Ellen's Basket," our charitable giving program, and help match part of what SNAP recipients pay to buy fresh veggies. We also like to salt a little away in the bank for unexpected expenses or an investment for the future (like a trailer to hold all our stuff). Plus, it's great to be able to treat our community to a BBQ or to hire presenters at the Market when we can! And there is always sidewalk chalk and activities supplies to buy for the kids, new road signs, etc., etc., etc..

For these reasons and MANY more, each year we are so grateful to our supporters who once again become Market Members. Your yearly dues of \$25 help us keep the Market strong and vibrant. 2018 is our 12th year – Can you believe it? We could not have done it without you!!

Becoming a member is simple – look for a link to the Member Form on our Facebook page, website, Town Email, or pick up a form at the Elkins Library or Canterbury Country Store. You can also Email us at canterburyfarmersmarket@gmail.com and we will reply with a form, or you can stop by the Market Info tent at any of our Wednesday Markets, starting June 6.

Just so you know, Market Memberships represent 50% of our basic operating budget each year. Stall fees from our vendors and music sponsorships make up the rest of our income. Now, as always, THANK YOU!

CANTERBURY COMMUNITY FARMERS MARKET HELP WANTED

While the Market may look like a relaxed and happy gathering, each week there is a lot of scrambling around and hauling out/setting up stuff that goes on BEFORE, and a lot of scrambling around and breaking down/putting away stuff that goes on AFTER the Market. The old saying "many hands make light work" was never more true than on a Wednesday afternoon during Market season!!

Can YOU help? We are looking for volunteers to help with the following tasks that need to be done each week to keep the Market running smoothly.

- SET UP (3-4:30pm on Wed.)
- BREAK DOWN (6:15-7pm on Wed.)
- "CLICKING" (counting customers as they enter the Market, Wed., in one hour shifts between 4-6:30pm)
- CUSTOMER SURVEYS (working at the Market Info table, Wed., in one hour shifts between 4-6:30pm)
- ROAD SIGNS (put out on Sun. or Mon., picked up Wed., great if you could reliably do one section of road each week)
- MARKET BANNER/SPOTZ the COW (put up on Town Hall lawn Wed. morn, take down at end of Market)

Please contact our market Manager, Julie Dewdney, at jdewdney53@gmail.com
Any and all help is heartily welcomed and appreciated!!

Are you forced to heat your home or eat?

Nobody should ever be put in that position. If you live in Belmont, Canterbury, Chichester or Loudon NH we may be able to help you! You can check out the status of this challenge at loudonfoodpantry.org (it's in the right hand column) or on our facebook page.

We will update you on the final challenge numbers in next month's publication.

CANTERBURY COMMUNITY MARKET OPENING DAY IS WED., JUNE 6, 4-6:30pm

Look for us at our traditional spot in the parking area and field adjacent to the Elkins Library. Wear your favorite decorated HAPPY HAT -- the most festive topper will win a prize! Live music will be by Canterbury's own Kyle Masterson. He has opened the Market for the past four years, and we are pleased to have him with us again!

As Opening Day comes closer we will post our most up-to-date list of vendors. There will be many familiar faces, but some great new vendors will be joining us, too. Can't wait to see you, and don't forget to bring a friend (or two).

What is the Canterbury Fund?

The Canterbury Fund is a charitable trust established by Alexander Standish of Canterbury on June 10, 1966. The purpose of the Fund is to aid, financially, those Canterbury, NH residents who are in need of financial assistance due to the destruction of their homes or other hardships resulting from accident, or who have endured poor health of any member of the immediate family, or who need special education or treatment as a result of physical or mental handicaps of any member of the immediate family, or who are worthy students needing assistance for higher education. This aid is to be provided in the form of non-interest bearing cash loans without specific maturity. These loans to individuals are kept confidential.

In addition, the Fund may make grants to organizations in Canterbury to assist in the funding of community projects which, in the opinion of the trustees, are in the best interest of all Canterbury residents. As stipulated by Mr. Standish, the trustees of the fund are the trustees of the Canterbury United Community Church.

The trust also established a Canterbury Fund Loan and Grant Committee. This committee receives all requests to the fund for loans or grants. The committee makes recommendations to the trustees, who may approve or disapprove the recommendation of the committee. The Loan and Grant Committee is made up of the following organizations: the PTO, the Volunteer Fire Dept., the Canterbury Benevolent Society, and the Trustees of the Elkins Fund.

Over the last 46 years since the fund was established, the fund has grown both through interest on the principal and proceeds from the Town Fair. The Fair was started by the CUCC, and is now a town-wide endeavor presently chaired by Lisa Carlson. Her phone is 783-0335 and she always has great volunteer opportunities for those who want to help. Canterbury has seen many changes since 1996. The Trust document allows the trustees of the fund some latitude in updating procedures. The trustees are always interested in your thoughts.

The Loan & Grant Committee of the Canterbury Fund will be accepting applications only up till June 15th, 2017 for college assistance. Applications can be made through Ron Turcotte, Trustee, at 620-3717.
